K12 Watchdog

Independent Canada-wide parent hub

Clarity for parents — calm tools, honest tips

Practical guides for curriculum, libraries, and school events. A moderated tip tracker so families can spot patterns — without treating tips as proven fact or an official record.

Trust ladder (Searchlight Seal)

Parent tip — moderated tip from a parent; useful signal, not proven fact.
Corroborated — more than one independent published tip matches.
Document on file — notice, PDF, agenda, or similar primary source with moderators.
Not an official school record. Documents and corroboration raise confidence.

What you can do today

- Open the hub: toolkit letters, province process maps, meeting playbook, evidence locker.
- Find your board: Durham Region (Ontario) has a live local hub; elsewhere use the national toolkit.
- Read or file a tip on Tracker — redact student names; keep private details in moderator notes.
- Share calmly: flyer + QR for councils, libraries, and parent nights.
